Randall County Courthouse Restoration Project

Restoring the Randall County courthouse is vital to this community if we want to preserve the marks left on our landscape by the many people who have shaped it. Restoring the past strengthens our future. It brings renewed pride and vitality to the community and instills the history, culture, traditions and values of our past to future generations.

This is your opportunity to help preserve the 1909 Randall County Courthouse. ***There is space for only 800 personalized bricks.*** The restored courthouse has four entrances, one on each side of the building. The bricks (200 each entrance) will be of high quality and engraved with your message.

The Brick Project will be complete in the last phase of the Courthouse Restoration.

Community Spirit is identified in part by our landmarks. Landmarks provide a tangible sense of pride and connection and define where our community has been. They have a story to tell.
